

SITE SAFETY AND HEALTH OFFICER (SSHO) ONSITE

This position will be responsible for providing Site Safety and Health on construction sites throughout Alaska both on and off the road system. The position requires, at a minimum, the following:

- Conduct site safety briefings on new hires.
- Conduct weekly Project Safety Meetings.
- Prepare and implement Job Hazard Analysis (JHA) for project specific tasks.
- Provide necessary training to employees in accordance with OSHA regulations.
- Conduct daily safety and health inspections and maintain a written log.
- Observe personnel and operations for possible safety concerns.
- Conduct accident and injury investigations and complete required reports/forms.
- Communicate with Project Management regarding compliance and safety including feedback to management relative to job site compliance.
- Monitoring all heavy industrial construction work for compliance with safety requirements.
- Implementation and oversight of the Project Specific Safety Program including the Project Specific Safety Manual and Accident Prevention Plan requirements.
- Ensure sub-contractor compliance with safety and health requirements.
- Maintain applicable safety reference material on the job site.

REQUIRED SKILLS:

- 30 HOURS OSHA Construction Safety Class within the last 5 years.
- 5 years' continuous field experience in a similar role.
- Average of at least 8 hours of formal safety training each year for the last 5 years.
- Knowledge of construction safety and current Federal and OSHA requirements.
- Must be able to meet deadlines and contribute to a positive, safe, high-quality culture.

CERTIFICATIONS:

- Certification as a Safety Professional is required.

OTHER

- Effective written and verbal communication skills.
- Proficient skill Level in MS Word, Excel, and Outlook.
- USACE RMS experience highly desirable.
- Valid state driver's license / Passport for Base Access.
- Ability to successfully pass background/security checks for base and project access.
- Pay range is relative to the location of the project and anticipated work hours. Lodging or per diem will be furnished for assignments out of Anchorage.

Resumes can be submitted as follows:

- Mail: 620 East Whitney Road, Anchorage, AK 99501
- Fax: 907-522-3464
